

**Editor's Comment:**

I carefully read the manuscript, reviewer's comments and revised manuscript.

I have one concern. The authors of the manuscript written that they performed all suggested changes (specially for reviewer number I - Anatolli Rubanenko) but I cannot see these changes in the revised manuscript.

Please, let authors mark and document all changes point by point.

**Editor's Details:**

Dr. Dean Markic  
Assistant Professor, University Hospital Rijeka, Croatia
