I send Peer review information\_2022\_JOCAMR\_86653: minor revision. **Accepted** after correcting the name of the species, the first letter in lowercase: *Justicia secunda* or *J. secunda*.

Minor revision

1) The name of the species (***secunda***) is correct in the original manuscript (Ms\_JOCAMR\_86653), the first letter in lowercase, in the revised version (Revised-ms\_JOCAMR\_86653\_v1) it is incorrect because the first letter is in uppercase. The authors must write the scientific name as "***Justicia secunda***" and not as "*Justicia Secunda*"

Accepted after correcting the name of the species, the first letter in lowercase: *Justicia secunda* or *J. secunda*
