

Editor's Comment:

Thank you for the opportunity. Upon the verification of the review process, I am of the opinion that **the manuscript can be accepted for publication**. However, I would suggest a small modification in the title of the manuscript, if the authors too accept it. The title can be modified as below:

IMPACT OF ALTERNATE ROUTES AND TIMING OF DOPAMINE AND MANNITOL ADMINISTRATIONS TO REDUCE NEGATIVE PROPERTIES OF EXTENDED CARDIOPULMONARY BYPASS ON RENAL FUNCTION IN CORONARY ARTERY OPERATIONS

Editor's Details:

Dr. S. Srinivasa Rao
Assistant Professor, V. R. Siddhartha Engineering College, India
