

Editor's Comment:

Manuscript no- **2022/PSIJ/82822**

Manuscript Title: **Numerical study of the air conditioning of a room by a two-phase thermosyphon loop using meteorological data from Mamou (Guinea)**

Journal Name: **Physical Science International Journal**

After careful review of the revised manuscript and the full and careful consideration of the peer review reports and associate editor(s) assessment, **my decision is to accept and publish the revised manuscript only after the minor amendments below.**

- This is not a book so please take away the NOMENCLATURES part containing Symbols, Greek Symbols and Index and instead define them when they appear in different sections or underneath the respective equations.
