

Editor's Comment:

This manuscript is fit for publication acceptance, provided the authors address the following corrections:

1. Duplicated keyword, such as "rice" should be re-chosen.
2. Unify the use of "million tonnes" and "mt".
3. It should be "kg ha⁻¹" instead of "Kg ha⁻¹".
4. English language error has been detected in the first sentence of the introduction section.
5. Punctuation error for "Rao et al. 2016". It should be "Rao et al., 2016" instead.
6. Acronym names such as DAS should be defined when first appear.
7. A brief descriptive of the D² values, harvest index, and Tocher method may be very helpful in the methodology section.
8. A thorough proof-check and English check is highly recommended.
