<p>1. to add some information in abstract as: method (which material was consulted, what type of review article is this, etc), and conclusion.</p> <p>2. It is important to describe the type of review, the sources where the information was collected, how the information was consulted and analyzed. My suggestion is to create a topic to describe this information.</p> <p>3. In topic 3, there is some information that it is not cited appropriately. It is important to cite the authors in numbers seven to 11.</p>	<p>Done</p> <p>Done</p> <p>Done</p>
