SDI EDITORIAL COMMENTS FORM

EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
Please ask the authors to modify the language, punctuation marks and add a pie/graph for the tables to make better representation as the reviewers requested. --The study is so small and should not get big conclusions. These types of studies are more of a suggestive or hypothesis generating than conclusion. Rephrase this sentence--- The effect of anti-HUA drugs on theprogression of CAD should be investigated further in large randomized trials,. delete this sentence---- which maypotentiallyprovidenewtherapeuticapproachesfortheprevention andtreatmentofCAD. -provide details of CAD severity Is there any association between severity and HUA along with other parameters? Once they make the changes we can proceed with the publication.	**Corrected and revised** **Revision amended** **Noted**
