EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
1. The authors did not update the references in the introduction, as was suggested by the reviewer. Also, there is no statistical analysis and there is no way of knowing is there any significant difference between samples.	<ul style="list-style-type: none">- Change has been incorporated.- The present paper was characterisation of fortified burfi with quinoa and stevia. For this purpose, many tests for physico chemical analysis were done. Which had been reported in the present manuscript.
