EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>1. I was wondering however about the figures in the manuscript arising from published articles - aren't they copyrighted by the publisher - did the authors get the due copyright permissions to incorporate them in their manuscript? they cannot just cite figures like they do statements - they need to get copyright permission.</p>	<p>Thank you for your observation. Seeing the editor is not comfortable with just quoting the source of the figures and the time to obtain copyright permission may be somewhat lengthy, the authors have agreed to remove all figures in the manuscript as they have no serious implication to the concept of the write up.</p> <p>ACTION – all figures removed from revised manuscript.</p>
