PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none">- Although an interesting case report, it is an extremely poorly written manuscript.- The authors should thoroughly go over the manuscript and make appropriate grammatical corrections and make sure the sentences make appropriate sense.- In the discussion part, the features distinguishing the entity of IMH from pseudoaneurysm and intracavitary thrombus should be mentioned.- If possible, try to mention the following reference as this is a good case series to quote in a case report of IMH "Leitman M., Tyomkin V., Sternik L., Copel L., Goitein O., Vered Z. "Intramyocardial dissecting hematoma: two case reports and a meta-analysis of the literature". Echocardiography 2018;35:1-7."	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
