### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The study is good but there are so many typographical errors: several words were joined together without putting spaces between them. Also, there were grammatical errors. In the abstract, the author is supposed to give the sample size taken. The aim of the study written in the abstract is different from that written in the introduction. The aim of the study is supposed to correspond with the topic. In the discussion the author should give proper comparison of his work with similar studies earlier reported by other authors, not just to mention the name of the those authors. The conclusion too needs to be properly written to give a good summary of the study.	
<b>Minor</b> REVISION comments	The author should the various comments in the revised manuscript and effect the corrections.	
<b>Optional/General</b> comments
