PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Comments are available in the manuscript. However, the manuscripts lack scientific vocabulary and scientific soundness, extensive editing of English language and style required. Moreover, the material and method section and result and discussion section must be improved. References should be in similar format.	
Minor REVISION comments		
Optional/General comments	<p>The manuscript aimed to highlight the benefits and challenges of assessing the effects of addition of TiO₂ edible coatings and storage on the chicken eggs quality observed at 7 and 14 days of storage.</p> <p>According to the reviewer, it is an interesting topic food science to improve product quality and shelf-life for the foreseeable future. The manuscript deals appropriately with the primary purpose of the study. However, the reviewer has some comments that may help improve the understanding of the manuscript.</p>
