PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The presented work is a study devoted to applied issues. The found ratios of the main components of the final product - burfi, are based on the evaluation organoleptic studies. From the presented results, it is not clear how the ranges of change in the content of the main studied substances - stevia and quinoa - were chosen.	
Minor REVISION comments		
Optional/General comments	I consider it necessary to supplement the section of the article 2. MATERIAL AND METHOD with the rationale for choosing the range of change in the amount of the studied additives in the burfi recipe.	

PART 2:
