

Review Form 1.6

Journal Name:	Asian Food Science Journal
Manuscript Number:	Ms_AFSJ_88442
Title of the Manuscript:	Do Women in Rural South-West Nigeria Become Pregnant with Sub-optimal Haemoglobin Concentrations?
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalafsj.com/index.php/AFSJ/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	How Quality assurance for Hb determination from finger stick using Haemoglobinometer DG-300HB had done should be described in materials and methods.	
Optional/General comments	Habit of eating pickled tea leaves and drinking dry green tea leaves as plain tea should be included in the dietary assessment for iron content. Hence Phytates inhibit iron absorption from GI tract.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
