PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I have gone through the manuscript submitted for inclusion in your journal. The presentation is good for a popular magazine and falls short of expectations from a professional research journal. Yet if a few figures and tables as indicated in the file attached, are added, it might be close to the basal needs of a review article. SELEX protocol has been adopted for automated selection and amplification and the same may be mentioned in the review. Please find the reviewed manuscript with "track changes".	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
