

Review Form 1.6

Journal Name:	Asian Journal of Applied Chemistry Research
Manuscript Number:	Ms_AJACR_82604
Title of the Manuscript:	APPLICATION OF THE BIOMASS FROM THE SHELL OF PACHYRHIZUS EROSUS IN THE REMOVAL OF HEXAVALENT CHROMIUM FROM CONTAMINATED WATERS
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajacr.com/index.php/AJACR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Materials and Methods</p> <ul style="list-style-type: none"> Author must mention the reference for extraction of biomass. No standard method mentioned The effect of pH, incubation time and initial concentration methodology must mention <p>Results</p> <ul style="list-style-type: none"> In figure8 the author mentioned the 5 g of fungal biomass. 28oC, 100 rpm. A: Earth B: Water. Here there is no involvement of microorganism. Only <i>Pachyrhizus erosus</i> shell biomass involved for remdiation 	
Minor REVISION comments		
Optional/General comments	<ul style="list-style-type: none"> Typographical error in manuscript. revise it Please rewrite this Results and discussion according with rationale and materials and methods I have reservation with Bioremediation of Cr (VI) from soil and water contaminated followed. How did the author estimate the remediation efficiency of chromium in soil and water Rewrite the water contaminated as contaminated water 	

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
