**Review Form 1.6**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<p>PROOFREADING is necessary to avoid unnecessary repetitions and incorrect tenses.</p> <p>ABSTRACT: This statement in the abstract needs to be revisited to bring out a clear meaning: <i>This meant that these significant had a greater influence to the use of improved practices in potato cultivation.</i></p> <p>INTRODUCTION: This could be more meaningful if you reverse the order, start with country: <i>both area and production of potato cultivation is increasing not only in the whole country but also in Bogura district (Table 1).</i></p> <p>Table 1: <i>there is a trend/decline in acreage as well as the total output. There is need to explain this.</i></p> <p>LITERATURE REVIEW, second sentence: <i>Young and middle aged farmers are generally become more innovative, energetic and can decide their own decision easily check tense</i></p> <p>RESULTS:</p> <ul style="list-style-type: none"> <li>✓ Such incomplete sentences as this be checked: <i>Because, in Bangladesh, farm size is being decreased generation to generation due to land fragmentation</i></li> <li>✓ Ideally, the table should precede its explanation, i.e, table 3, table 5, should be placed before its explanation.</li> <li>✓ Always include documentary evidence to support such statements as: <i>On the other hand, the least ranked improved practice used by the farmers in potato cultivation was 'vermicomposting' which has been introduced recently in the study area. This is an explanation for Table 5.</i></li> </ul> <p>CONCLUSION; <i>in the conclusion, start on the descriptive characteristics then go to inferential statistics to maintain the flow.</i></p>	
<b>Optional/General</b> comments		

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
