### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	I suggest the authors to include more cites of researchers in the field related to crop prediction models available and their discussion performed in their study. I strongly recommend the review of different literature scientific research. Moreover, I think the authors must expand their introduction, discussion and conclusion sections accordingly with new literature review that might strengthen their investigation.	
<b>Minor</b> REVISION comments	None. I think the manuscript is well written and has not typo or redaction errors.	
<b>Optional/General</b> comments	I suggest the authors cite more articles related with the review they performed; and latter get a better understanding of the conclusions they found in their manuscript, discussing them with more details.	

### PART 2:
