Type of the Article	Survey

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajaees.com/index.php/AJAEES/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The abstract should be more short and clear. In this paper, the authors wrote more results in the abstract. Let them discuss those issues in the conclusion. All the results are shown with only two tables. Instead, we can show the process flow diagram, period of study, comparison with the previous years (if possible) with some charts and graphs. Any literature survey or related comparisons from the reference papers were missing. Author mentioned seven papers in the reference session and all of them are old journals. None of them are latest.	
Minor REVISION comments	What is the need for this survey and who will use this results is not clear. The survey is showing some results and no future enhancements, etc for managing with the gaps	
Optional/General comments	Update the literature survey by including latest papers or publications.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
