PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>In my opinion the introduction focusses too much on mining. It is not a good introduction to the topic of the article as there is not mentioned the aim of the study and what was know about the topic before this study.</p> <p>There needs to be information on the gender, age and education level structures of the respondents and the results need to be presented separately for the different characteristics.</p> <p>More detailed comments can be found in the manuscript.</p>	
Minor REVISION comments		
Optional/General comments
