### PART 1: Review Comments

|                                     | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| <b>Compulsory</b> REVISION comments | <p>You should not explain the only method in the "FINDINGS AND DISCUSSION" part.</p> <p>In the "discussion" part, you should clearly explain how your study advanced the reader's understanding of the research problem from where you left them at the end of your review of prior research. So, the discussion should connect to the introduction by way of the research questions or hypotheses you posed and the literature you reviewed. You should write a direct, declarative, and succinct proclamation of the study results, usually in one paragraph. Also, Please Explain the Meaning of the Findings and Why They are Important.</p> |   |
| <b>Minor</b> REVISION comments      | Please investigate more Similar Studies and Make Suggestions for Further Research  |   |
| <b>Optional/General</b> comments    | Please investigate more Similar Studies, explain the conclusion more than it, and write about the Study's Limitations.   |   |

### PART 2:
