### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajaees.com/index.php/AJAEES/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Although the manuscript is well written, there are some areas that need to be change. Provide sufficient relevant references in introduction section and mention the methodology with references. In result and discussion section, interpret the significance of the finding of the work with sufficient citations. The same information is presented in table as well as in figure, which should be eliminate. The figure presented in the manuscript should be appear in the text. Do no use citation in conclusion section.	
<b>Minor</b> REVISION comments	It would be better to include duration of the study in abstract. More clearly discus the results and compare with the findings of other researchers. Provide relevant citation to support your statement. Write the conclusion more clearly in view of major findings of the study.	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
