PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The second paragraph of the introduction is too long. In the introduction, the author should review some literature to show the gap the study is filling.</p> <p>The author should show clearly how the sample size came up. For example, if the population is known Slovin formular is appropriate but if it is not known, the Cochran formula is appropriate.</p> <p>Citation should be consistent. The author should choose one citation style.</p> <p>In the conclusion, the author should provide areas for further studies.</p>	
Minor REVISION comments	<p>The author should write numbers properly. For example, first paragraph of the introduction part the number should written as 320,000 not 3,20,000.</p> <p>The author should be consistent. For instance, choose to use either percent or %. I advice the use of percent.</p> <p>In the first paragraph of introduction, it should be 70 percent of population not 70 percent population</p> <p>The author should remove the article 'a' in the following sentence of the introduction In rural area every household practices poultry and piggery as a part of their livelihood and traditional culture.</p> <p>The author should avoid the use of short forms like viz, ie. And so on.</p> <p>In the Material and Methods section, it should be using detailed interview not detailed interviewed.</p>	
Optional/General comments	<p>The manuscript is well written and touches an important aspect of human development. In the manuscript, I have coloured red portions to remove and yellow portions to adjust.</p>
