This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajahr.com/index.php/AJHR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The tables 1a, 2a and etc aren't quite clever and don't represent research sequence	
Minor REVISION comments	The manuscript is important contains novel research outputs but needs some modifications	
Optional/General comments	The increasing temperature has great impact on decreasing agricultural productivity, which reduces the number of poor farmers in Indonesia. This phenomenon has essential importance for country. It has great influence on the welfare of the community. Regarding data it must be indicated time period used in study. In Conclusion the research results are presented poorly and have to be changed.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
