PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In introduction part there is need to elaborate 5E- model as well as mental model too. There is need to discuss treatment part in detail with some examples or activities that researchers used during experimentations. This will be helpful for readers to understand and can develop more plan based on these techniques.	
Minor REVISION comments	If researchers will add their own experiences during data collection and students perception towards these methods, it will be better.	
Optional/General comments	Overall paper is written in very systematic way.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
