PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The article covers multiple number of agricultural food waste and associated bioactive components. The representation has become highly maladroit.2. The presentation needs to be properly classified depending on the types of waste resource (like oil seed, fruits, vegetables etc).3. Some sections are on extraction of bioactive components, and in some sections bioactivity of the resource have been described. Authors should follow a particular format for each of the resource material chosen for review.4. Section 3.10 fish wastes and byproducts has been described which is not relevant to the title of the manuscript.	
Minor REVISION comments		
Optional/General comments	The manuscript may be accepted for publication after clarifying the issues mentioned in review comments	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
