

Review Form 1.6

Journal Name:	Asian Journal of Biotechnology and Genetic Engineering
Manuscript Number:	Ms_AJBGE_87288
Title of the Manuscript:	Bioprospecting filamentous fungi from Araucaria moist forests and the Pampa biome: high amylase production with a potential industrial application
Type of the Article	Short communication

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajbge.com/index.php/AJBGE/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>This paper contains new study and investigation in the aim of the high amylase production with a potential industrial application high amylase production with a potential industrial application. etc...</p> <p>Generally speaking the results are accurate, calibrated and well presented. The layout of the paper is satisfactory. The graphics are easily readable and the interpretations and conclusions are valid.</p> <p>This paper is likely to be of great interest to a reasonable number of scientists working in various fields of Genetic Engineering and Environment.</p> <p>As such, I would recommend that the paper can be published in current form.</p> <p>Minor slips should be corrected in the proof version stage:</p> <p>See highlighted manuscript.</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
