General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The introduction was not successful in clarifying aspects of the work. The aim of the work should be at the end of the introduction and not in the result. The authors did not clarify how the control were selected. Authors should be sure that every item in the result was analysed in the discussion. Discussion need to be more deep with more references. Language needs revision. Mention limitations of study. Mention the impact of your work on oncology.</p>	
Minor REVISION comments		
Optional/General comments		

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
