Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. An article should be good in terms of grammatical and spelling matters. I have found some mistakes there & that are marked with RED colour and the correct word is mentioned just right to the incorrect word(s) as GREEN MARK.2. Need to correct the reference style in the whole text. (Alphabetical ordering would be good)3. In this ORIGINAL RESEARCH, it was important to draw a table with some raw photographs of the plant parts <i>Alchornea cordifolia</i> and the extracts to make the paper authentic.4. Wister rat photographs should have to be included in the materials & method section of the article. <p>It is mandatory to change the drug name diclofenac to aspirin as the researcher has used aspirin in the study.</p> <p>I would like to recommend the author(s) to make another thorough reading of the manuscript & correct the findings in the reviewed manuscript attached.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
