PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Dear Authors, I read your review article about "Neurological trauma and tumors: Biochemical and genetic approaches." This is an exciting topic in brain tumors, and I want to congratulate you on your work. Therefore, your article needs some minor revision for the journal: <ol style="list-style-type: none">1. Please add a methods and materials part in your article and mention searching in databases. Also, the methods part must write based on a narrative review checklist.2. There are many grammar issues in your article; please fix that!3. Please add a figure about included or excluded studies. Best,	
Minor REVISION comments	<ol style="list-style-type: none">1. Please add a methods and materials part in your article and mention searching in databases. Also, the methods part must write based on a narrative review checklist.2. There are many grammar issues in your article; please fix that!3. Please add a figure about included or excluded studies.	
Optional/General comments	<ol style="list-style-type: none">1. Please add a figure about included or excluded studies.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
