

Review Form 1.6

Journal Name:	Asian Journal of Biochemistry, Genetics and Molecular Biology
Manuscript Number:	Ms_AJBGMB_88911
Title of the Manuscript:	Serum Levels of Some Nutritional, Hepatic and Renal Markers in Third Trimester Pregnant Women
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>This study assesses the serum levels of different markers (nutritional, hepatic, and renal) and their possible influence on neonatal birth weight. The manuscript contains five keywords, one table, and seventeen references. Overall, it is a correct and well-conducted document. Some remarks are made in different sections of the manuscript.</p> <p>Keywords The manuscript presents five keywords. For keywords, where possible, please use Medical Subject Headings terms (MeSH Terms). None of them is a MeSH term. Nevertheless, these suggestions about keywords are optional, not mandatory.</p> <p>Materials and methods Please, correct the word "maganesium" to "magnesium". Please, provide further information about SPSS software (company, address, etc.) Applying the Student's t-test, why do you use the Standard Error of Means (SEM) and not the Standard Deviation (SD)?</p> <p>Conclusion Abbreviations and acronyms, although well-known, should be explained the first time they are used, e.g. Fe, Ca, Mg.</p> <p>References Total number of manuscript references: 17. References should be checked carefully to transcribe them accurately. Please, try to include the DOI identifier for all the references, and use the same format to indicate it. For further information about this topic, please consult the following link: https://journalajbgmb.com/index.php/AJBGMB/about/submissions</p> <p>Tables Total number of manuscript tables: 1. Please, consider adding a new column to the right indicating the P-value. Correct the word "amintransferase" to "aminotransferase"</p>	
Minor REVISION comments		
Optional/General comments
