PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Since the foreign body was not far off ileocecal Junction did you try to milk it towards cecum? Sometimes it is possible to do that. Also laparoscopic removal of such FB is carried out these days.	
Minor REVISION comments		
Optional/General comments	Shiitake mushroom is very high in fiber content so it is poorly digested and people with poor chewing abilities are more likely to swallow it and eventually develop small bowel obstruction.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
