PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | This is a rare case report of a small bowel obstruction on a little child due to phytobezoar, which is worth to become published. The indication of the surgical treatment, the technical requirements during the surgery and the imaging difficulties have been described thoroughly in the text. The literature overview is sufficient for a case report. | |
| Minor REVISION comments | Minor language inconsistencies have been marked with yellow in the text, please review | |
| Optional/General comments | There are no general/optional comments | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
