

Review Form 1.6

Journal Name:	Asian Journal of Case Reports in Surgery
Manuscript Number:	Ms_AJCRS_80377
Title of the Manuscript:	Thermal burns from a lithium-ion battery electric scooter explosion: A case report
Type of the Article	Case study

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Compulsory REVISION comments	<p>The paper reviewed and I found that the abstract is too short and needs to be complete. The introduction needs to be revised with updated text from 2018 to 2021. The Figures description needs to be complete. Discussion of the types of wound and wound dress available in the market is weak. Some reference can be related to new wound dress types which recommended to the authors:</p> <ol style="list-style-type: none"> 1) Doozandeh, Z., Saber-Samandari, S., & Khandan, A. (2020).
