

Review Form 1.6

Journal Name:	Asian Journal of Case Reports in Surgery
Manuscript Number:	Ms_AJCRS_80377
Title of the Manuscript:	Thermal burns from a lithium-ion battery electric scooter explosion: A case report
Type of the Article	Case study

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajcrs.com/index.php/AJCRS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Must include at the references section the Guidelines Professor Stuart Pegg Adult Burns</p> <p>Dr. you mentioned in the abstract section "This report highlights the increasing risk of burn injury from lithium-ion batteries in scooters and outlines our management strategy for burns of this nature."</p> <p>I think you should describe if there is a difference between managing thermal burns and this type of burn? in both they are irrigated with abundant water, is the irrigation time different?</p>	
Minor REVISION comments	does not mention how often they change the dressing of the grafted area, during those 3 weeks of postoperative follow-up	
Optional/General comments	I appreciate an excellent contribution since the use of devices with lithium batteries is increasing throughout the world and we must inform about the dangers that their use implies	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

Review Form 1.6

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
