Manuscript Number:	Ms_AJCR_78202
Title of the Manuscript:	Impact of Diet on Cardiovascular Diseases: Coronary Artery Disease Part II: Unhealthy Macronutrients, Special Diets, and Obesity
Type of the Article	Revision

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajcr.com/index.php/AJCR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article presents a great sweep of current affairs related to the topic. The main information related to the subject is well presented in the material. I think it would be interesting to highlight the main contributions of the material and what areas and professional activities it contributes to. I also consider it important to highlight the article review methodology and make it clearer that this research is divided into three different articles published separately.	
Minor REVISION comments	The acronym CAD that appears in the fifth line of the discussion must also be preceded by its name in full in the text.	
Optional/General comments	The acronym CAD that appears in the fifth line of the discussion must also be preceded by its name in full in the text.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i> As it is a literature review this item does not apply.
