

Review Form 1.6

Journal Name:	Asian Journal of Cardiology Research
Manuscript Number:	Ms_AJCR_79229
Title of the Manuscript:	Cardiac hydatid cyst in the right ventricle: uncommon localization of atypical chest pain
Type of the Article	Case study

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajcr.com/index.php/AJCR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Many spelling mistakes, No proper spacing of the words Image of histopath findings would make it more authentic	
Minor REVISION comments	Tracing of ECG would have been more appropriate (Though it may not show gross abnormalities)	
Optional/General comments	As a resident in cardiology, I had an opportunity to witness surgery of similar patient where multiple (may be around 40) such hydatid cysts were removed from RV, pulmonary artery at Mediciti Hospital, Hyderabad (2009-2010). Pt had 4-5 episodes of anaphylaxis during surgery, but did well and got discharge.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
