	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Nil	
<u>Minor</u> REVISION comments	Nil	
<u>Optional/General</u> comments	<p>It is a well designed and conducted study.</p> <p>The objective of the present manuscript was to assess and compare the prevalence, periodontal status of 25 to 85year old diabetic and non-diabetic population in Lagos State- A cross sectional study and arrives at a conclusion that "The prevalence of periodontal disease is high, and periodontal status is poor with increased severity in diabetics compared to non-diabetics". Hence there is a need to educate diabetics on preventive oral care regularly so as to improve the quality of life.</p>
