PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none"> Objects (tables) should be referred to in the text (ideally before the given object). The name of the software used is not specified. What tool did you use to create the analyzes? Specific research questions or hypotheses could be given (H0, H1...). In your research, it would be good to state some hypotheses or research questions that are directly offered here. This could increase the quality of the manuscript. 	
Optional/General comments	<ol style="list-style-type: none"> The text is sometimes perhaps too subdivided into subchapters (for example, in the conclusion, the research results could be summarized using bullets, not new subchapters). The list of references could be better formalized, and the study could include even more recent sources. 	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
