<b>Compulsory</b> REVISION comments	The authors must develop the abstract section as follow Problem, Objectives, Methods, Main results, Main recommendation. I suggest the Authors: This paper seems to be covering a very interesting topic, investigating the <b>Impact of Income Diversity on Export Trade in RCEP Countries</b> . While the topic is potentially interesting, I found this paper nearly challenging to read because the language was particularly difficult. Many sentences seemed to try to smash together 3 or 4 ideas into a single, awkward sentence that used a variety of clauses to try to link the ideas. I found myself having to reread nearly every sentence to extract meaning. The authors must improve the conclusion and the recommendation to help the researchers in this filed.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
