PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Although the topic is of great interest and topicality, the manuscript presents a number of critical points:</p> <ol style="list-style-type: none">1. The bibliographic research is modest and old; furthermore, what is cited in the text is not reported in the bibliography;2. The methodology, correct from the conceptual point of view, is limited only to the final empirical result without the demonstration of the intermediate steps.3. The premise and introduction are overly repetitive and often go off topic.4. The conclusions are extremely modest and limited. <p>In summary, the manuscript presents interesting premises for publication but must be completely revised under the points mentioned above.</p>
