General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalajebea.com/index.php/AJEBA/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The abstract is good but require proper presentation. There is critical omission of justification for the study. The introduction section should identify the need for the study by stating the problem of the study, gap in and from literature for justification of the study. This is obviously missing and should form foundation of the study. The hypothesis was not properly stated and this resulted in problem of appropriate interpretation of findings. This should be looked into for a robust study.	
Minor REVISION comments	There is inconsistency in reference style with some grammatical errors noticed.	
Optional/General comments	The paper is generally good and will certainly contribute to knowledge. the publication of the paper is therefore recommended after the necessary correction observed.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
