### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	This article is interesting, however, it requires re-elaboration to show its significance. Start by raising the problem statement at the end of the introduction and why is the study important to do. The literature review contains the studies that have been discussed in the introduction, which are the keyword in this research. Discussions and conclusions emphasize the importance of research and findings. The language must be proofread and there is a wrong word, for instance "liquidity" at the end of paragraph 1 → it should be: "unliquid".	
<b>Minor</b> REVISION comments	The author should improve the article by following the instructions above.	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
