PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<i>In your Research Methodology Section, please provide information regarding the permit you obtained for the study questionnaire on students' satisfaction with online learning from their perspective. Likewise, ensure you have included the full name of the authority that approved the field site access. However, if no permits were required, a brief statement explaining why. Review also some of my suggestions under ethical issues in the manuscript whether it conforms to the standard of the institutes.</i>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> <p>Ethical considerations:</p> <ol style="list-style-type: none"> 1) Before moving on to Results/Discussion (p.9) part of the methods must show how the study was approved by the committee on human rights related to survey. 2) Consent forms must be completed and signed by all participants before the start of data collection/pilot study. 3) Ensure that the participants are free to refuse any demographic questions at any time or refuse to answer any question without penalty. 4) If there is a certain amount of stress on students' satisfaction with online learning from their perspective, they should be aware of it and must explicitly express their consent to participate.
