	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper has an interesting topic and methodology and totally, I Suggest that for publishing with Minor Revision.	
Minor REVISION comments	First, In topic is much better to mention in Indonesia or case study Indonesia. Second in introduction, should better tell more about "JPS Gemilang NTB" program, because for regular reader from out of Indonesia could be difficult what it is and how it applied by Indonesia government.	
Optional/General comments	Suggest use more new resource (2020-2021) for introduction part that related to covid-19 pandemic and government policy. I suggest some here: <ol style="list-style-type: none"> 1. Rezaeinejad, I., & Chernikov, S. U. (2021).
