### PART 1: Review Comments

|                                     | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| <b>Compulsory</b> REVISION comments |  |   |
| <b>Minor</b> REVISION comments      | Although the work is interesting. I consider it necessary to expand the bibliographic review and update it to the last 5 years, although the subject is interesting, the conclusions reached by the author cannot be generalized, the review carried out on the policies falls short since the development of the migration variable and is part of the title, however, care must be taken with the statements made in the document. |   |
| <b>Optional/General</b> comments    | Review the comments in terms of unsupported claims about the legal system  |   |

### PART 2:
