Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Sudden cardiac death is a public health problem and a challenge. This review article presents already published data about causes of SCD, signs and symptoms of SCA, mechanism of SCD, etc.</p> <p>I would recommend some essential improvements:</p> <ol style="list-style-type: none"> 1. What is the objective of their article? (presentation of the most current research in the field ???, what are your research questions on the topic?) <p>Main body of the manuscript:</p> <ol style="list-style-type: none"> 2. What type of methodology did the author/s use to select relevant literature? 3. What is the critical thinking of the authors on the topic of the article? 4. Inaccurate citation misleads the readers: Figure 5 –??????? 5. Discussion section: review paper is not simply a summary of literature you have reviewed. What are author's ideas on the topic? 	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> <p>Any image/ figure that is reproduced from another source also needs to come with copyright permission; it is not enough just to cite the source. The author/authors did not add any written permission from the copyright holder.</p>
