General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajmah.com/index.php/AJMAH/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Abstract and body of work should reflect the technique applied in measuring the results of the study.</p> <p>Citations from initial stage should carry all names of authors. No initials after stating the surname in citation. The references should be worked on to reflect the APA 7 edition and on the typos.</p> <p>The abstract should show how many studies (26 studies shown in the result) were reviewed and with what major outcome.</p>	
Minor REVISION comments	<p>When you say a significant percentage of HCWs who treated COVID-19 patients experienced depression, panic, sleeplessness, and discomfort, what is the number? This must be reported in the abstracts.</p>	
Optional/General comments	<p>Good structure generally it will be good to see the procedure as a heading in the methodology section this will bring clarity to the work flow also Reference should be APA 7th edition</p>
