PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Compulsory REVISION comments</p>	<p>Abstract: 1) The author is recommended to summary his work in the abstract after he has done the review study.</p> <p>Introduction: 1) Page 2: There is a spacing error at "...health workersin general...". 2) Page 2: Kindly remove the full stop before the citation. "... attention. (Morawska L et al., 2020)." 3) Page 2: Kindly remove the extra bracket. "...and activity (Lee YW, 2020))." 4) Page 2: The author is recommended to add one sentence for the significance of the study before proceeding to the following sentences "Extreme care were taken...". 5) Page 2: "Extreme care were taken... to previous works.". One paragraph at least must have 2 sentences. The author is recommended to amend the particular paragraph. 6) Page 2: Kindly state the objective of the study at the end of the Introduction.</p> <p>Methodology: 1) Page 3: The author is suggested to prepare a figure or chart to illustrate the method. 2) Page 3: Please state the document type, such as article, conference paper, etc. 3) Page 3: "All searches took place were limited to the year 2020-2021". Please be specific about the month for 2020 and 2021.</p> <p>Result: 1) Page 4: "...at 26 studies ultimately after applying all exclusion criterion". Kindly explain that how do you get 26 studies from 131 separate references. 2) Page 4: "Only a small percentage of the studies...". What is the small percentage referring to?</p> <p>Psychological Wellbeing 1) The author has well-defined the meaning of "Psychological Wellbeing". It would be better if he can synthesis the idea from the previous scholar.</p> <p>Research Gap 1) The research gap is unclear. The author should use the information that gathers from the 26 studies and show the differences among them.</p> <p>Discussion: 1) This part is recommended to merge with analysis.</p> <p>Analysis: 1) As this is a review study, hence the author supposes to explain how many studies that he gathered from the search engine. 2) He may further synthesis the findings of effect Covid-19 on Psychological Wellbeing by putting it into several categories. It will draw the interest of the reader.</p> <p>Recommendation and Conclusion: Fair.</p>
