This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Theoretical information is insufficient, Transition between paragraphs should be provided and they should be related to each other, It can be ensured that the sources used are more diverse and up-to-date, The purpose of the research, the problem statement or hypothesis should be clearly stated. This information was not found in the introduction and method parts of the study. The discussion section is sufficient, but up-to-date sources should be used whenever possible. It is important that the bibliography is not given after 2013, the research is up-to-date and has a good command of the literature.</p> <p>The result needs to be interpreted and expressed more clearly. It is also important to include recommendations based on the findings. Reference should be standard. The references must be more up-to-date.</p>	
Minor REVISION comments	There are some spelling and spelling errors that can be reviewed in general.	
Optional/General comments	It can be published after necessary corrections are made.
